

ABCAR : Introduces new Shelving products

ABCAR have introduced new Longspan and Rivet Shelving to the product range.

Longspan Shelving is the ideal choice when you need strong, low cost adjustable shelving that has the ability to handle heavy loads. The range has a large combination of different sizes available and with just a few components including frames, beams and decking, installation is a simple process that is easy enough for you to assemble yourself. The Longspan Shelving is also ideal for retail display shelving as it is aesthetically pleasing on the eye.

LONGSPAN SHELVING

- Powder coated frames and beams for a tough, durable finish
- Adjustable Beams from 1200mm – 3000mm wide
- Heavy Duty “Step Beam” construction
- 17mm Australian Ply - Thicker, stronger and not imported.
- Ply is CD Structural to Australian Standard AS2269.

RIVET SHELVING

The Rivet Shelving is cost effective and offers a world of versatile solutions for many shelving applications. From a few standard components you can create strong and easy to get at shelving units with capacities of up to 300kgs per shelf level.

The shelving is decked with 16mm MDF for 1200mm, 1500mm and 1800mm wide shelves. Posts and beams are supplied with a high quality powder-coated finish.

- Double Rivet Beams maximise strength
- Quick & Easy Assembly without the need for nuts & bolts
- Extremely flexible with adjustments every 38mm
- Accessible from all 4 sides

MACKAY CONTAINERS : Freight Services to Mackay

Mackay Containers are offering affordable freight services to Mackay from Brisbane, Sydney, Melbourne, Adelaide and throughout Queensland. We can transport your goods and stock supplies quickly and easily.

You can save time and money when transporting your goods and supplies to Mackay by having us deliver 20’ or 40’ containers to your factory for loading and then transporting it to your Mackay destination for unloading. You also have the option to store the container at our Mackay depot if required.

We can also provide intra and interstate furniture removals to Mackay. We’ll deliver a container to your premises, you pack it and then we’ll transport it to Mackay.

We can even store the container at our Mackay depot, if required, until you are ready to move in to your new premises. For more information call us on 4940 0711 or visit the website at www.mackaycontainers.com.au.

MACKAY TRAILERS: Pod Camper/Trailer draws crowd at Mackay Home Show

Mackay Trailers new Pod Camper Trailer captured the attention of the crowd at the 2010 Yellow Pages Mackay Home Show & Caravan, Camping and Boating Expo in May. John Paul, Manager, Mackay Trailers said, "We had a lot of interest in the Pod Camper Trailer during the Home Show. It caught everybody's eye with its poly finish and compact style."

a lot of people concerned about having to tow large, heavy trailers and since we've introduced the new Pod Camper Trailer the response has been overwhelming!"

The Pod Camper Trailer also converts to a trailer with a lockable lid, which makes it waterproof and very secure. "We've had a lot of tradespeople purchase the Pod Trailer because it is compact, weatherproof and secure." said John.

The Australian made Pod Camper Trailer is incredibly versatile, compact and lightweight and the hard top lid provides shade and minimises dust in transit. No need to buy a larger car to tow heavy loads, the Pod Camper Trailer tows easily on all vehicles.

Mackay Trailers has various Camper Trailers on display in our showroom located at 41 Malcomson Street, North Mackay or check out our website at www.mackaytrailers.com.au.

The Pod Camper Trailer folds out into a tent complete with kitchen and loads of storage. "It has been very popular, especially for older couples travelling around the country." John said. "You don't need a huge vehicle to tow it which makes the Pod Trailer quite economical to use and environmentally friendly. "I've had

MACKAY GARDEN SHEDS: Inundation of Shed Orders after Cyclone Ului.

Mackay Garden Sheds have been inundated with Shed orders in the wake of Cyclone Ului. John Paul, Manager said, "We have been extremely busy filling the backlog of orders for our Garden Sheds with Cyclone Kits, since Cyclone Ului."

Our sheds come with approved plans and we have Cyclone Kits to secure your shed. "Of all the orders we have received since Cyclone Ului, only one of our sheds was damaged because the customer did not purchase the Cyclone Kit," said John.

Mackay Garden Sheds also stock Bird Aviaries, Chook Pens, Pet Enclosures, Poly Water Tanks and much more. Check out the website at www.mackaygardensheds.com.au.

FROM THE MAILBAG

Martin Brears

"I ordered a customised trailer from Mackay Trailers and they were able to meet all of my specified requirements (including my supply of Prado wheels and oversize tyres). Despite the trailer being made to order and hot dipped galvanised in Brisbane, Mackay trailers were able to commit to my required delivery timetable.

During the fabrication period they advised me of progress and prioritised delivery when the due date approached. Overall I was very happy with the level of service provided as well as the quality of build and would have no hesitation in recommending Mackay Trailers."
